Particular eye-catchers at the **OFFICE FURNITURE 21XX** are coffee bars in the Online-hall **Office Furniture Systems** (<http://expo21xx.com/office21xx/office-systems.htm>). This luxurious office furniture generates a perfect fusion of hand-made furniture systems and conventional coffee makers. The various coffee bar types (http://www.expo21xx.com/office21xx/15246_st2_office-systems/) fit aesthetically into any conference, office or residential space and optimize them. Thanks

to the built-in coffee machines can instantly delicious coffee creations are magically without lengthy office or conference table with everyone.

In Department Conference Furniture (<http://www.expo21xx.com/office21xx/conference.htm>) you will be impressed by innovative conference tables. The C4 conference table, for example, has a built-in video conference system. The table tops are equipped with a pivoting mechanism for optimized use of the video conference installation. When opened the pivoting table tops seat participants in a V-shape around the table, allowing for best viewing positions as well as full camera inclusion of all participants.

The hall **Technical Furniture & Workstations** (www.expo21xx.com/office21xx/technical.htm) offers a large portfolio of different workstations. These workstations are extremely versatile and work in many cases like a convertible kit. With only a few basic building blocks they can be put together at will and realize many different forms. These systems fulfil highest demands with regard to ergonomics, quality and design. You will find suitable desk programmes for every working area in a modern office – from the reception through to the conference zone.

Especially for international office space planners and architects **OFFICE FURNITURE 21XX** is a forum to find relevant partners for future projects or to get suggestions. However, large enterprises and wholesale are the relevant target group of the **OFFICE FURNITURE 21XX**, whose large volume of orders can be implemented within a short time.

About EXPO21XX

EXPO21XX is an online exhibition platform was founded in 2000 to bring the conventional trade fairs to the internet. Conventional trade fairs demand that you display your brands or products short-term at one location, mostly for a few days or a week. **EXPO21XX.com** serves as a better alternative by bringing the products online to help manufacturers virtually and yet profitably launch their products. The essences of the products are presented through quality videos, images and descriptions.

More than 3500 exhibitors from America, China, Russia, and South Africa to Europe present their products and solutions in over 360 exhibition halls. The products include but not limited to electric motors, sailing yachts, agricultural machinery and industrial robots. **EXPO21XX.com** is continuously working to open other areas of research to enable and promote innovative ideas as well as interdisciplinary and developmental projects. Further, it plans to develop other new business areas and exhibition tools to expand and improve the presence of participating companies and institutes to the global market.
